## 5 Year Extended Warranty

If you have purchased your stove from a F2 registered retailer, then your stove will carry a 2 year warranty as standard. The 2 year warranty can be further extended to a total warranty period of 5 years by registering your F2 Stove within one month of the later of the purchase date or installation date. Accordingly, the start date for the warranty period is the date of purchase. During the registration process, the Registered Retailer details will be required for your Extended Warranty to be activated. Any product purchased outside of our registered Retailer Network will carry a standard 12 month, non-extendable warranty. It is a condition of the Extended Warranty that the installation complies with the relevant Building Regulations and is carried out by a suitably trained and qualified individual (HETAS in the UK(solidfuel) Gas Safe (gas) or equivalent in other countries) with the certificate of installation and proof of purchase supplied. Full terms and conditions are detailed in the Warranty Statement on the Eurostove website [www.eurostove.co.uk](http://www.eurostove.co.uk). In the event of any conflict of information the wording on the website shall prevail.

**Important Note:** Should any problems be experienced with your product, claims must first be submitted to the Retailer where the appliance was purchased from who will offer immediate assistance or contact Eurostove on your behalf. Please note that this warranty is not transferable and is extended only to, and is solely for, the benefit of the original purchaser of the stove and will therefore only apply when the dated sales receipt as proof of purchase is produced to F2

Stoves Electrical and Gas parts with in the appliance are warranted for 1 year.
